STATEMENT OF FACT AND POLICY

The Commissioner of the Maine Department of Marine Resources repeals the emergency DMR Regulation 95.10 L, Closed Area No. 2, York River, York, promulgated October 3, 2002, and replaces it with a new rule. This new rule no longer describes the seasonal closure in York Harbor, which is now described in Closed Area No. 2A. This is an administrative change.

Department personnel have determined the remaining closed area is subject to non-point pollution, which poses a threat to public health.
